

My Favorite Season

Today, think about what your favorite season means to you. To me, fall means back to school, football season, marching bands...it reminds me of morning band practice when I was a majorette for the school band...my letter sweater...sunflowers, turning leaves, pencils, my wedding, pumpkins, Thanksgiving, my father....

With all of these thoughts, start your page. Slap down some photos or ephemera of seasonable items. Write your thoughts as to what the season does for you, what memories it brings, how it makes you feel...use the colors of your season as well...
